

Trade Made Simple

Kenya Trade Network Agency (KenTrade)
A Global Leader in Trade Facilitation

GENERATION OF eTIMS - KRA COMPLIANT INVOICE

We hereby wish to notify all stakeholders that KenTrade is currently working with Kenya Revenue Authority (KRA) to integrate the Trade Facilitation Platform (TFP) with eTIMS for real-time transmission of invoices.

In the meantime, we are submitting all invoices to KRA manually and commit to clear all submissions by the last day of each respective month (to enable you file your VAT returns).

We will notify you once the integration with eTIMS is finalized.
